Q1: 1. When faced with a significant project failure, what is the most constructive action to take?

- a) Identify the team members responsible for the failure.
- b) Document the project's history to protect yourself from blame.
- c) Organize a post-mortem meeting to analyze what went wrong and learn from it. (Your Answer ✓)
- d) Move on to the next project as quickly as possible to maintain momentum.

Q2: 2. Which of the following describes your preferred role in a team?

- a) The leader: organizing the work and motivating others.
- b) The specialist: providing deep expertise in a specific area.
- c) The facilitator: ensuring clear communication and collaboration.
- d) The innovator: brainstorming new ideas and challenging the status quo
- e) All of the above (Your Answer ✓)

Q3: 3. When you need to learn a new and complex skill for a job, what is your first step?

- a) Find an expert on the team and ask them to teach you.
- b) Look for online courses or official documentation to build a foundational understanding. (Your Answer ✓)
- c) Immediately start experimenting with the new tool or concept hands-on.
- d) Wait for formal training to be provided by the company.

Q4: 4. How do you best handle a conflict with a coworker regarding a work-related decision?

- a) Escalate the issue to a manager to get a final decision.
- b) Have a private conversation with the coworker to understand their perspective and find a compromise. (Your Answer ✓)
- c) Publicly challenge their opinion in a team meeting to get others' input.
- d) Agree with them to avoid tension, but continue doing the work your own way.

Q5: 5. You are given two important tasks with the same urgent deadline. How do you proceed?

- a) Work on both tasks simultaneously, switching back and forth.
- b) Choose the task that seems easier to complete first.
- c) Communicate with your manager to clarify priorities and potentially negotiate a deadline. (Your Answer ✓)
- d) Ask a colleague to handle one of the tasks for you.

Q6: When receiving critical feedback from a manager, your immediate reaction should be to:

- a) Defend your actions and explain your reasoning.
- b) Listen carefully to understand the feedback and ask clarifying questions. (Your Answer ✓)
- c) Compare the feedback to the performance of your colleagues.
- d) Apologize immediately, even if you don't fully agree.

Q7: 7. You've noticed a potential risk in a project plan that others have missed. What do you do?

- a) Wait to see if the issue resolves itself to avoid creating unnecessary alarm.
- b) Document your concern in an email to the project manager, outlining the risk and suggesting a potential mitigation. (Your Answer ✓)
- c) Discuss it casually with a teammate to see if they agree.
- d) Keep it to yourself so you can be the one to solve it later.

Q8: 8. A key stakeholder provides vague requirements for a project. What is the best course of action?

- a) Make your best guess about what they want to avoid taking up more of their time.
- b) Start working on the project and show them a demo later to get feedback.
- c) Create a document with specific questions and examples to help them clarify their needs. (Your Answer ✓)
- d) Proceed based on how similar projects were handled in the past.

Q9: 9. Which of the following is the most effective way to build professional relationships with new colleagues?

- a) Focus solely on your own work to demonstrate your competence.
- b) Offer help when you see someone is struggling and be approachable. (Your Answer ✓)
- c) Share details about your personal life to build a quick rapport.
- d) Organize social events for the entire team right away.

Q10: How do you handle a situation where you are asked to complete a task you believe is unethical?

- a) Complete the task but document your objections in writing.
- b) Refuse to do the task and immediately escalate the issue to a higher authority or HR.
- c) Ask for the request in writing, then discreetly seek guidance from a trusted senior colleague or HR. (Your Answer ✓)
- d) Do the task, but anonymously report it later.

Q11: 1. Customer satisfaction scores have dropped by 15%. What is the most critical first step?

- a) Immediately launch a marketing campaign to improve public perception.

- b) Analyze customer feedback, surveys, and support tickets to identify common themes. (Your Answer ✓)
- c) Organize brainstorming sessions with the product team to suggest new features.
- d) Retrain the entire customer support team on company policy.

Q12: 2. You are asked to estimate how many coffee shops are in your city. Which approach is most logical?

- a) Call every coffee shop in the phone book and count them.
- b) Estimate the city's population, the percentage of coffee drinkers, and the average capacity of a coffee shop. (Your Answer ✓)
- c) Go to the busiest street and count the shops, then multiply by the number of streets.
- d) Make a reasonable guess based on personal experience.

Q13: 3. You have three incorrectly labeled boxes of fruit. One says "Apples," one "Oranges," and one "Apples & Oranges." You can only pick one fruit from one box to figure out the correct labels. Which box do you pick from?

- a) The "Apples" box.
- b) The "Oranges" box.
- c) The "Apples & Oranges" box. (Your Answer ✓)
- d) It doesn't matter which box you pick from.

Q14: 4. When tasked with improving an inefficient internal process, what is the most important consideration?

- a) How to automate the process to reduce headcount.
- b) How the proposed changes will impact the teams involved and their workflows. (Your Answer ✓)
- c) How to make the process faster, regardless of the cost.
- d) How to implement your own ideas without seeking much input.

Q15: 5. A new competitor enters the market with a similar product at a lower price. What is the best strategic response?

- a) Immediately lower your prices to match theirs.
- b) Launch a negative advertising campaign against the competitor.
- c) Analyze the competitor's weaknesses and emphasize your product's unique strengths and value. (Your Answer ✓)
- d) Ignore the competitor and assume your loyal customers will stay.

Q16: 6. You are given a dataset but suspect the data quality is poor. What should you do first?

- a) Start your analysis anyway, but mention the potential for errors in your final report.

- b) Delete any rows with missing or unusual values.
- c) Perform data cleaning and validation to understand the extent of the issues. (Your Answer ✓)
- d) Request a completely new dataset from the source.

Q17: 7. Which question is most helpful for identifying the root cause of a problem?

- a) "Who is responsible for this?"
- b) "What is the solution?"
- c) "Why did this happen?" (Your Answer ✓)
- d) "When did this happen?"

Q18: 8. You need to present complex findings to a non-technical audience. The best approach is to:

- a) Use technical jargon to demonstrate your expertise.
- b) Focus on the methodology and data sources in great detail.
- c) Use visual aids, analogies, and focus on the key insights and their business impact. (Your Answer ✓)
- d) Provide the full, detailed report and let the audience ask questions.

Q19: 9. The project budget has been cut by 25% halfway through. What is the first thing you should do?

- a) Stop all work immediately until the full budget is restored.
- b) Continue working as planned and hope you can finish before the money runs out.
- c) Ask the team to work overtime to finish faster.
- d) Re-evaluate the project scope and priorities with stakeholders to align with the new budget. (Your Answer ✓)

Q20: 10. A water lily doubles in size every day. If it covers a whole pond in 30 days, on which day did it cover half the pond?

- a) Day 15
- b) Day 20
- c) Day 29 (Your Answer ✓)
- d) Day 25

Q21: 1. What is the most important factor for you when considering a new job?

- a) The salary and benefits package.
- b) The company's reputation and brand recognition.
- c) The opportunity for growth and learning new skills.
- d) The work-life balance and company culture.

- e) all the above (Your Answer ✓)

Q22: 2. A good manager is one who primarily:

- a) Provides complete freedom and is hands-off.
- b) Gives clear, direct instructions and closely monitors tasks.
- c) Acts as a mentor, providing support and opportunities for development. (Your Answer ✓)
- d) Focuses only on ensuring the team meets its targets.

Q23: 3. Why are you interested in our Organisation? (Assessed by the candidate's answer to the open-ended question)

- a) Answer shows specific knowledge of the company's mission, products, and recent activities. (Your Answer ✓)
- b) Answer is generic and could apply to any company in the industry.
- c) Answer focuses solely on company prestige or salary
- d) Answer is vague and shows little research.

Q24: 4. How do you stay informed about the latest trends in your field?

- a) I rely on my organisation to provide all necessary training.
- b) I casually browse social media to see what's new.
- c) I read industry publications, follow thought leaders, and attend webinars or workshops. (Your Answer ✓)
- d) I wait for my colleagues to tell me about important updates.

Q25: 5. What does "success" in this role look like to you in the first 90 days?

- a) Having made no mistakes.
- b) Having a complete understanding of my responsibilities, building relationships, and achieving an early win. (Your Answer ✓)
- c) Becoming the go-to expert on the team.
- d) Proposing a complete overhaul of the current processes.

Q26: 6. Which of these best describes your approach to work?

- a) I prefer to have a consistent routine and a predictable set of tasks.
- b) I thrive in a fast-paced environment and enjoy juggling multiple priorities.
- c) I work best on my own with minimal interruption.
- d) I am most productive when I can collaborate heavily with my team.
- e) All of the above (Your Answer ✓)

Q27: 8. Looking back at your career, what accomplishment gave you the most personal satisfaction?

- a) Receiving the biggest bonus or salary increase.
- b) Solving a particularly difficult problem that was blocking the team.
- c) Getting a promotion or a more prestigious title.
- d) Finishing a project that had a significant positive impact on customers.
- e) B and D are the correct answer (Your Answer ✓)
- f) All the above

Q28: 9. The phrase "That's not my job" is:

- a) A necessary boundary to set at work.
- b) Something you should say to protect your time for your key responsibilities.
- c) An indication of a poor team player. (Your Answer ✓)
- d) Appropriate only when a request is unreasonable.

Q29: 10. What is your primary career goal for the next five years?

- a) To be in a senior management position.
- b) To become a deep technical expert in a specific domain.
- c) To have a stable job with good work-life balance.
- d) To explore different roles to find what I am passionate about.
- e) All the above (Your Answer ✓)

Q30: 1. Which of the following is the biggest barrier to AGYW accessing health services in many communities?

- a) Lack of transportation.
- b) Social stigma and lack of confidential, youth-friendly services. (Your Answer ✓)
- c) The cost of the services.
- d) Lack of interest from the AGYW themselves.

Q31: 2. A local partner is failing to meet AGYW program enrollment targets. What is your first action as a Zonal Coordinator?

- a) Report the partner's poor performance to the central office immediately.
- b) Schedule a supportive, collaborative meeting with the partner to understand their challenges (Your Answer ✓)
- c) Threaten to withdraw funding if targets are not met by the next deadline
- d) Organize a community-wide awareness event on behalf of the partner to boost numbers.

Q32: 3. When monitoring project activities across multiple sites, which method is most effective for assessing quality?

- a) Only reviewing the quantitative data in the partner's monthly reports.
- b) Conducting regular site visits, speaking directly with participants, and observing activities. (Your Answer ✓)
- c) Relying solely on the feedback provided by community leaders.
- d) Comparing their spending reports against their stated activities.

Q33: 4. To ensure the ethical treatment and safety of AGYW participants, which of the following is the highest priority?

- a) Ensuring all activities are completed on schedule.
- b) Obtaining high-resolution photos of participants for donor reports.
- c) Establishing and enforcing a strict code of conduct, informed consent, and confidential feedback mechanisms. (Your Answer ✓)
- d) Making sure the project logo is visible at all event locations.

Q34: 5. An influential community leader is publicly spreading misinformation about your AGYW program. What is the best strategy?

- a) Ignore the leader and hope the rumors fade away.
- b) Publicly confront the leader and correct their statements.
- c) Request a private meeting with the leader to understand their concerns and provide accurate information. (Your Answer ✓)
- d) Stop all program activities in that community.

Q35: 6. How should data collected from AGYW participants be used primarily?

- a) To create marketing materials for future fundraising.
- b) To report numbers to the donor to prove targets are being met.
- c) To identify gaps, adapt program strategies, and improve services for the participants. (Your Answer ✓)
- d) To share with other organizations without restriction to aid their work.

Q36: 7. What is the most effective way to engage men and boys in an AGYW empowerment project?

- a) Exclude them completely, as the project is for girls.
- b) Invite them to sessions designed for girls so they can listen
- c) Create specific, parallel activities that address harmful gender norms and promote positive masculinity. (Your Answer ✓)
- d) Give them leadership roles in the AGYW groups.

Q37: 8. A participant discloses a serious safety concern to you during a site visit. What is your immediate priority?

- a) Record the information for your report to the central office.
- b) Follow a pre-defined safeguarding protocol to ensure the participant's immediate safety and connect them to appropriate services. (Your Answer ✓)
- c) Ask the participant for more details to determine if the story is credible.
- d) Tell the participant you will discuss it with your manager when you get back to the office.

Q38: 9. How can you best promote the sustainability of a project's impact after the funding ends?

- a) Spend the entire budget in the final months on a large-scale event.
- b) Train local community structures and government partners to take ownership of the activities. (Your Answer ✓)
- c) Prepare a detailed final report for the donor.
- d) Give all remaining project materials directly to the participants.

Q39: 10. When selecting youth mentors for an AGYW program, what is the most important quality to look for?

- a) The highest academic qualifications.
- b) The most popular person in the community.
- c) Someone who is trustworthy, empathetic, and a positive role model. (Your Answer ✓)
- d) The person who is most available and needs the stipend.

Q40: 1. What is the most effective way to use social media for health outreach to AGYW?

- a) Broadcasting generic, clinical health messages.
- b) Partnering with trusted youth influencers to create engaging, culturally relevant content. (Your Answer ✓)
- c) Only posting links to the official project website.
- d) Running text-heavy advertisements with complex language.

Q41: When creating a private online group for AGYW participants, the highest priority must be:

- a) Maximizing the number of members in the group as quickly as possible.
- b) Posting new content every hour to keep engagement high.
- c) Establishing and enforcing strict moderation rules and having trained facilitators to ensure a safe, respectful, and confidential space. (Your Answer ✓)
- d) Using the latest memes and viral trends in all communication.

Q42: 2. How can AI best be used to support the management of an AGYW program?

- a) By automatically writing all donor reports using generic templates.
- b) By analyzing large datasets to identify patterns, predict which participants are at highest risk of dropping out, and map service delivery gaps. (Your Answer ✓)
- c) By creating complex dashboards that are difficult for staff to understand.
- d) By automatically deleting participant records that show poor outcomes.

Q43: 3. In the context of AGYW programs in Tanzania, what is the primary role of a service like the TAYOA National Youth Helpline (117)?

- a) To provide emergency ambulance services.
- b) To offer confidential counseling and referrals on topics like SRH, HIV, and GBV. (Your Answer ✓)
- c) To process applications for university scholarships.
- d) To register new businesses for young entrepreneurs.

Q44: 2. A major challenge for mHealth (mobile health) interventions in rural or low-resource settings is often:

- a) AGYW are not interested in using mobile phones for health.
- b) The market is oversaturated with too many competing health apps.
- c) Poor internet connectivity and the high cost of mobile data for participants. (Your Answer ✓)
- d) The difficulty of getting an app listed on the official app stores.

Q45: 4. What is a key advantage of using SMS-based communication in an AGYW health program?

- a) It is ideal for conducting long, in-depth counseling sessions.
- b) It works on virtually all mobile phones, regardless of internet access, making it highly accessible. (Your Answer ✓)
- c) It guarantees complete privacy and confidentiality of messages.
- d) It allows for the easy sharing of high-resolution videos and images.

Q46: 3. What is the most important first step before launching a new digital health tool for AGYW?

- a) Assuming all young people are "digital natives" and will know how to use it.
- b) Conducting a needs assessment to understand the target audience's digital literacy, access to smartphones, and data affordability. (Your Answer ✓)
- c) Building the most technologically advanced tool possible to impress donors. d) Pre-loading the tool with a large amount of medical text.

Q47: 5. How would an Enterprise Resource Planning (ERP) system typically be used by a Zonal Office for an AGYW project?

- a) To design and create social media content for health campaigns.

- b) To track participant attendance at safe space meetings.
- c) To manage financial reporting, procurement, and asset tracking for the project. (Your Answer ✓)
- d) To develop a new mobile application for AGYW.

Q48: A key potential benefit of using an AI-powered chatbot for AGYW is that it can:

- a) Replace the need for human doctors and nurses entirely.
- b) Offer an anonymous, non-judgmental, and 24/7 channel for asking sensitive health questions. (Your Answer ✓)
- c) Diagnose serious medical conditions with perfect accuracy.
- d) Automatically enroll users in government health programs.

Q49: What is a primary advantage of using a mobile app for data collection from participants instead of paper forms?

- a) Paper forms are easier for older staff members to use.
- b) Mobile apps completely eliminate the need for project staff.
- c) It allows for real-time data entry, which reduces errors and enables faster analysis for program adjustments. (Your Answer ✓)
- d) You can collect more data than you will ever need.

Q50: A Project Manager's sister owns a catering company. The Project Manager is part of the committee evaluating bids for a major two-year workshop catering contract.According to standard NGO policy, what is the first mandatory action the Project Manager must

- a) Abstain from voting only if the sister's bid is the cheapest.
- b) Immediately declare the relationship to the committee chair or HR and recuse themselves from the evaluation. (Correct Answer)
- c)Proceed with the evaluation but offer a score lower than deserved to maintain fairness.
- d) Sign a confidentiality agreement promising not to share the competing bids with their sister. (Your Answer ✕)
